## Carbon Reduction Projects

### Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed:

---

<sup>6</sup> The business is fully remote (no company premises) and operates no vehicles.

<sup>7</sup> The business is fully remote, with no company premises. Electricity use in home offices is included as sub-category of Scope 3, Category 7, below, as per the GHG Protocol.

<sup>8</sup> The organisation does not sell or supply any physical products so there is no upstream or downstream transportation. Any emissions from the limited use of postal and courier services is included in Scope 3 Category 1.

<sup>9</sup> This includes emissions from Employee Telecommuting, a sub-category of Category 7.

<sup>10</sup> The organisation does not sell or supply any physical products so there is no upstream or downstream transportation. Any emissions from the limited use of postal and courier services is included in Scope 3 Category 1.

- The organisation achieved Green Small Business Certification in April 2024, having developed an environmental policy and comprehensive action plan addressing all of the significant environmental impacts of the business.
- We operate a remote working model, which eliminates emissions from staff commuting.
- Business travel has been reduced through extensive use of video-conferencing.

## Planned Carbon Reduction Initiatives

Our environmental action plan commits us to the implementation of further measures which we anticipate will reduce the carbon intensity of the business, such as:

- Implementing a 'use of transport' policy to ensure that emissions from business travel are consistently low.
- Ensuring environmentally responsible purchasing for all goods and services.
- Exploring ways of incorporating environmental considerations into the delivery of our training.
- Providing our staff with information on environmentally responsible behaviour whilst working remotely and facilitating good practice.

## Declaration and Sign Off
