### Interested in finding out more?

Contact us to explore suitability, roles and funding: **info@tpchealth.com | tpchealth.com/apprenticeships/**

### Could this be right for you or your team?

If you work in - or employ people in - roles that involve helping people improve their health and wellbeing, make changes, build confidence or connect with the right support, this apprenticeship could be a valuable next step.

It is designed for people already working in community-facing, coaching, social prescribing, mental health, neighbourhood, recovery and related roles - developing capability while they continue in the job.

### Coaching-Oriented Roles

- Health and Wellbeing Coaches
- Work Well Coaches
- Lifestyle Coaches
- Workforce Coaches
- Other coaching-based or behaviour-change roles

### Community Health and Neighbourhood Roles

- Community Health and Wellbeing Workers
- Neighbourhood Outreach Workers
- Community Development Workers
- Family Support Workers
- Community Practitioners

### Patient Flow, Transition and Recovery Roles

- Frequent Attender Coaches
- Rehabilitation Coaches
- Early Help Coaches
- Waiting Well / Ageing Well Roles
- Transition Care Roles

### Mental Health Roles

- Mental Health Support Workers
- Emotional Wellbeing Practitioners
- Mental Health and Wellbeing Practitioners
- Recovery and Wellbeing Workers
- Other Mental Health practitioner roles

### Social Prescribing and Connection Roles

- Social Prescribing Link Workers
- Care or Service Navigators
- Community Connectors
- Community Navigators
- Referral Coordinators

### Recognise a role here?

Whether you're considering the programme for yourself or your workforce, talk to us about suitability and eligibility.

### What can the programme offer?

**Build Confidence**
Greater confidence and credibility in the work people already do.

**Develop Practical Skills**
Tools that can be used immediately with the people and communities they support.

**Support Progression**
A recognised qualification and stronger foundations for future development.

## What the Programme Develops

### Skills for Real-World Practice

- Use coaching and behaviour-change approaches in everyday conversations.
- Help people identify goals and take manageable next steps.
- Build trusted relationships with individuals, families and communities.
- Navigate services, support and community resources more confidently.
- Understand health inequalities and the wider factors shaping wellbeing.
- Work inclusively, ethically and safely.

### Confidence and Progression

- Build confidence and credibility in your role.
- Strengthen reflective practice and professional judgement.
- Develop practical capability while continuing in the job.
- Gain a recognised apprenticeship qualification.
- Build foundations for future development and progression.
- Potentially work towards recognised coaching accreditation, subject to requirements.

### How Learning Happens

- Live workshops
- Workplace-based practice
- Reflective learning
- Learning platform

### Support Throughout

- One-to-one tutor guidance
- Supervision and support
- Experienced tutors with real-world health and care backgrounds

### End Point Assessment

- Multiple-choice questions
- Demonstration of practice scenarios
- Professional discussion supported by a portfolio of evidence

## What makes this programme different?

### Coaching At Its Heart

TPC Health is a coaching-based organisation, so a coaching approach runs throughout the programme.

### Real-World Learning

Learning is grounded in the learner's real role, with practical application, reflection, supervision and support.

### More Opportunities

You may also be able to work towards recognised coaching accreditation, subject to the relevant requirements.

**Learning is built around real work - so skills can be applied as they develop.**

Funding is arranged through the apprenticeship system, subject to eligibility.

## Cohorts and Next Steps

Cohorts starting in **January** and **April**

Talk to us about the next available cohort, suitability, and apprenticeship funding.

## Could this be right for you or your workforce?

If you are interested as a learner, speak to your manager or apprenticeship lead. If you are developing your workforce, talk to us about eligible roles, funding and upcoming cohorts.
